

June 23, 2026 – Superintendent’s Report

ADMINISTRATIVE UPDATE:

The Utilities are seeking approval of Change Order No. 2 for the 71st Street Lift Station Rehabilitation Project with Performance Pipelining, Inc. for a reduction in the total contract price of \$31,007.03. Original contract price was \$805,797.76 and with the reduction of \$31,007.03, the contract price will be \$774,790.73.

The 46th Street & Post Road Inflow and Infiltration (I&I) Reduction Project kicked off last week as scheduled. They began cleaning and televising the lines on Clinton Street in preparation for the upcoming lining work.

The Fort Harrison Collection System Capacity Project – Phase III punch list items have been completed. We are currently waiting for the final documents to be executed and returned to LU for review, prior to submitting them to the Utility Service Board for final approval.

Account Adjustments: None
