

August 11, 2026 – Superintendent's Report

ADMINISTRATIVE UPDATE:

The utilities published the first bid advertisement for the 2026 Water Main Replacements Project in *The IndyStar* and *Indiana Business Journal* on Thursday, August 6, 2026. The second bid advertisement will be posted on Thursday, August 13, 2026. This project has also been added to the City of Lawrence website at www.cityoflawrence.org under **DO Business > Project Opportunities > Water Main Replacements**.

The final design for the Fort Benjamin Harrison Well Installation 7R Project is nearing completion. This project will go out to bid this year. Updated schedule is forthcoming in late August.

The 46th I&I Reduction Project remains on schedule. The next progress meeting is scheduled for Thursday, August 13, 2026. We will continue to provide updates as the project progresses.

The utilities day-to-day operations continue to run smoothly. I would like to mention we are currently seeking to hire two sanitary sewer laborers and one water distribution laborer to fill existing open positions within our budget; recruitment for these positions is underway. These positions are posted on the City's website under City Jobs for more information.

Account Adjustments: None
