RE: Addendum to the Municipal Water Utility Rate Study (Addendum to Scope Appendix dated August 8, 2023) dated April 22, 2024, and Municipal Sewage Works - Rate Study dated April 22, 2024

Dear Mr. Wanner:

Per our previous discussion, we have exceeded the fee that was part of our scope appendix letters, each dated April 22, 2024, pertaining to the rate study for the City of Lawrence Sewer and Water Utilities. This was due in part to the changes in project scope which required multiple iterations to the study, multi-year rate phases and other related tasks.

As a result, we have adjusted the fees for services set forth in the Scope Appendix will be billed at standard billing rates based upon the actual time and expenses incurred and will not exceed Twenty-eight Thousand Five Hundred Dollars (\$28,500) per Utility without further authorization from the Client.

Standard Hourly Rates by Job Classification
1/1/2026

Managers / Senior Managers	\$330 - \$480
Consultants / Analysts / Senior Consultants	\$210 - \$320

As always, we appreciate and value your business and respectfully ask for the town's concurrence in the fee adjustment. If you have any questions or if you would like to discuss the change of fee, please let me know. Otherwise, if you agree with the adjustment, please **acknowledge your acceptance by signing below.**

Sincerely,
