## SUMMARY

Career Firefighter/EMT Candidates who meet or exceed the “Minimum Qualification Requirements for Career Firefighter/EMT” will participate in an assessment process designed to identify the most qualified, physically fit, psychologically stable and medically sound individuals among those Candidates applying.

Final selection of Candidates for placement on the eligibility list is based on the total accumulated points earned by the Candidate in the following five components of the selection process:

<b>Component #1</b>	<b>Written Aptitude Test</b>
<b>Component #2A</b>	<b>If needed - CPAT Testing (Check Wayne Township Schedule)</b>
<b>Component #2B</b>	<b>Ladder Climb</b>
<b>Component #3</b>	<b>Structured Oral Interviews</b>
<b>Component #4</b>	<b>Completed Applications</b>
<b>Component #5</b>	<b>Oral Interview with Fire Chief</b>

All Candidates will be required to complete and pass each component before moving on to the next. Candidates failing to successfully complete Components #1 through #5 will be disqualified from further consideration but are encouraged to reapply in the next selection process.

Component #1 will require a minimum score of 70% to proceed further in the process. Component #2 is a PASS/FAIL component. Failure will disqualify the Candidate from further consideration. All remaining successful Candidates completing Component #3 will be required to complete and submit an application for employment as described in component #4. The department reserves the right to establish a maximum number of Candidates to move to the next component based on scores received by the Candidate.

Upon completion of component #5, a cumulative score calculated from all components will be tabulated according to the following factors:

Written Aptitude Test Score	30%
Ladder Climb	30%
Structured Oral Interview Score	25%
Fire Chief Interview Score	15%

The resulting score of each Candidate will be ranked in descending order and will establish the eligibility list from which new employees will be selected. **For a Candidate to be considered, he/she must receive an overall score of 70% or greater of the total available points.**

Appointment will be made from the eligibility list in accordance with Merit Law established by the Common Council, City of Lawrence, Indiana and in effect at the time of hiring. As positions become available, Candidates must successfully pass the Police and Firefighters’ Pension & Disability Fund’s psychological evaluation and physical examination prior to appointment to the department.

If either the psychological or the medical examination is not acceptable, the Candidate will be eliminated from further consideration for employment. Candidates are required to submit to a background investigation to determine if they are still of good character per Indiana Code. Any

evidence to the contrary or information received from the background check that could be determined as detrimental to the efficient operation of the department could be grounds for elimination from the process.

In the event that two or more individuals receive identical scores, a random drawing will determine their ranking on the eligibility list.

Candidates appointed to the department are required to successfully complete a Firefighter/EMT orientation course provided by the department. Failure to complete any component of this course or failure to become certified by the State of Indiana will be grounds for dismissal. The Certifications obtained in this course must be maintained by the firefighter throughout his/her employment with the department.

Any person appointed to the department will become an employee of the City of Lawrence and will remain on probationary status for a period of one year from the date of hire. Date of hire will also determine seniority rankings within the department. Should there be several Candidates hired on the same date, seniority will be determined by policies set by the City of Lawrence Fire Merit Commission.

Every person appointed will be required to take an oath of office. Such oath provides that the employee will support the Constitution of the United States, the Constitution of the State of Indiana, and that he/she will comply with the rules and regulations of the City of Lawrence Fire Department and discharge the duties of the office to the best of his or her ability.

During the probationary period, a member of the department may be dismissed for any reason.

After reviewing all information in this packet, if you feel you possess all the minimum qualification for Career Firefighter/EMT, you are encouraged to enter the competitive selection process.

**Policy Statement of “Due Process” for Selection Grievances:**

In the event that a Candidate believes that any component of the selection process unreasonable or unfairly limits, inhibits, or prohibits such Candidate from being able to complete the testing procedures involved, the Candidate may submit in writing, by May 30, 2025, a request to the Fire Chief of the City of Lawrence Fire Department to review the applicable standards in light of the limitations, inhibitions, or prohibitions experienced by the Candidate and to make such changes as may accommodate the Candidate and still establish that the Candidate meet the standards set forth herein. The Fire Chief shall respond in writing, within 10 calendar days, to such request setting forth the reasons why no change will be made in the testing or establishing the new procedures to be utilized in connection with the specific Candidate. In the event the Candidate is aggrieved by the decision of the Fire Chief, he/she may appeal such decision, in writing within 10 calendar days, to the City of Lawrence Fire Merit Commission and the Commission shall consider such appeal during a regular session and make adjustments, if any, that they believe are appropriate under the circumstances.

# COMPONENT METHODOLOGY

## CAREER FIREFIGHTER/EMT

### **COMPONENT #1: WRITTEN APTITUDE TEST**

**PURPOSE:** Firefighters are required to train and stay abreast of various advances and technological progress within the profession throughout their career. In order to do this, firefighters must have the ability to learn and retain what they have learned so that it may be applied to practical uses in their daily assignment. This component assesses a Candidate's knowledge and reasoning ability.

**RATIONALE:** It is necessary to evaluate an individual's general knowledge and reasoning ability since firefighters receive intensive training and education throughout their career with the department.

**STRUCTURE:** The test will consist of a variety of written test questions designed to evaluate a person's ability to comprehend and interpret both written and oral communications. The test will be multiple-choice format and cover topics such as math, mechanical reasoning, and reading comprehension skills. The test is designed to indicate a person's ability to perform effectively in the position for which he/she is applying.

**YOU MUST BE PROMPT!** Tardiness will result in elimination from further consideration.

**REQUIREMENT:** Candidate must meet a minimum score of **70%** on this component. Only a predetermined number of Candidates, based on scores from Component #1 will be allowed to continue to the next step in the process.

### **COMPONENT 2A: CANDIDATE PHYSICAL ABILITY TEST (CPAT ©)**

**PURPOSE:** This Component utilizes a nationally recognized and validated firefighter performance evaluation to measure a Candidate's cardiovascular efficiency, pulmonary function, muscular strength, endurance, flexibility, speed, and agility under conditions, which will be encountered in normal activities as a firefighter. The CPAT is a sequence of events requiring the Candidate to progress along a predetermined path from event to event in a continuous manner. The test is designed to identify adequate levels of overall fitness for performance as a firefighter and minimization of risk factors.

**RATIONALE:** The job of a firefighter is one of the most physically demanding jobs in North America. It requires high levels of cardiopulmonary endurance, muscular strength, and muscular endurance. The Candidate Physical Ability Test consists of eight critical physical tasks that simulate job duties on the fireground. As a Firefighter/EMT for the City of Lawrence, you will routinely encounter extremes in weather conditions and rigorous tasks causing both physical and mental stress, thereby requiring a high level of physical fitness. This test is physically demanding and requires that you be physically fit to be successful.

**PREPARATION:** It is recommended that Candidates begin immediately to prepare for the Candidate Performance Ability Test by establishing routine physical fitness program. Suggested exercises to prepare for the Physical Fitness Evaluation are:

Jogging or stationary running	Push-ups
Rope skipping	Weight lifting
Bar pull-ups	Isometrics
Flexed-arm hangs from a bar	Deep knee bends

A regular physical fitness program will be an overall benefit to each and may result in better participation results.

**REQUIREMENT: THIS IS A PASS/FAIL COMPONENT.** The Candidate must obtain a CPAT card. Acceptable CPAT card will be within one (1) year of issuance date. Information about ESEC - Emergency Services Education Center is enclosed.

### **COMPONENT #2B: LADDER CLIMB**

**PURPOSE:** This Component will evaluate the Candidate's ability to function in an elevated environment in an effective and timely manner. This test will also determine if the Candidate possess any acrophobic tendencies.

**RATIONALE:** Firefighters regularly work in an elevated environment such as rooftops and fire ladders. This test will identify those who have a fear of heights and therefore not suited for portions of a firefighting career.

**REQUIREMENTS: THE LADDER CLIMB EVENT IS A PASS/FAIL COMPONENT.** If you fail the event you will be eliminated from the process and will not be permitted to continue on to Component #3.

### **COMPONENT #3: STRUCTURED ORAL INTERVIEW:**

**PURPOSE:** The job of a firefighter includes certain communication skills including dealing on a one-to-one basis with the general public. This component will assess a Candidate's interpersonal communication abilities and provide for continuity and structure in the interview process.

**STRUCTURE:** The structured oral interview is conducted by a board of assessors who ask the same questions of each Candidate and assess responses to individual questions and general observations throughout the interview.

**PREPARATION:** There are several publications and Internet sites that can give you insight to the firefighter oral interview process. These offer a variety of sample questions with explanation about what the Board might be looking for during your response. Appearance, grooming, and your ability to articulate your answers in a clear and understandable thought process are very important. Practice is a valuable key.

**YOU MUST BE PROMPT!** Tardiness may result in elimination from further consideration.

**IMPORTANT:** The interview and the results of the interview are confidential. Since all Candidates must answer the same questions, it is imperative that the actual questions or interview content NOT be discussed outside the interview session. Any Candidate who reveals interview content or who attempts to learn of the interview content prior to the interview will be eliminated from further consideration.

REQUIREMENT: Candidates must answer all questions to have the opportunity to achieve a maximum score. There is a set timeframe in which these questions must be answered. Failure to answer any question will result in a “0” score for that question. Only a predetermined number of Candidates will be selected to move on to the next Component of the process. This will be determined by the aggregate scores of Components #1 and #3 of this process.

#### **COMPONENT #4: COMPLETED APPLICATION:**

PURPOSE: To gather information about the Candidate’s personal and professional background to determine if the Candidate meets the minimum Qualifications for Career Firefighter/EMT.

STRUCTURE: The application is comprised of several documents that the Candidate must complete and return to the department prior to the application deadline.

REQUIREMENT: A Candidate that is found to be unqualified based on the minimum qualifications listed in this packet will be dismissed from any further consideration during this process. If this is determined prior to Component #5, the next available Candidate from Component #3 will be included in this component. Accuracy and promptness in returning the forms associated with Component #4 is essential. **Any requested information not supplied by the Candidate will be cause for dismissal from the process.** NO POINTS WILL BE AWARDED OR SUBTRACTED DURING THIS COMPONENT.

#### **COMPONENT #5: ORAL INTERVIEW WITH FIRE CHIEF:**

PURPOSE: In addition to the Candidate’s ability to communicate with the public, they should also be able to communicate with supervisors and elected officials. This is the final component and gives the Administration the opportunity to further rank the Candidate’s ability and worth to the City of Lawrence Fire Department. This Component further assesses a Candidate’s interpersonal communication abilities and provides for continuity in the interview and selection process.

STRUCTURE: The Fire Chief (or his/her designee), conduct a structured oral interview by asking the same questions of each Candidate. They will assess responses to individual questions and general observations throughout the interview.

REQUIREMENT: Following these interviews, the scores from Component #5 will be computed and the scores from all five scoring components will be ranked in descending order and an eligibility list will be created from which new employees will be selected.

**In order to be considered for placement to the Eligibility List, the Candidate must have earned a minimum aggregate score of 70% or greater of all Components.**

Upon meeting all employment requirements prescribed by law and by the fire department, ten (10) additional points will be added to the cumulative score for a war veteran who has been honorably discharged from the United States armed forces\*, or one (1) additional point for a person whose mother or father was a firefighter or police officer who died in the line of duty, or a currently employed City of Lawrence police officer or civilian EMS personnel.
