Dear Citizens and Members of the Common Council,

It is with a great sense of pride and accomplishment that I present the 2017 Proposed Budget for the City of Lawrence. Controller Jason Fenwick, along with Deputy Controller Jason Streeter, have devoted countless hours to provide you with a clear and thorough view for the funding and future direction of the City of Lawrence. Although revenue sources remain essentially flat for municipalities like ours, this budget reflects a responsible operating balance that protects against unforeseen emergencies, while addressing many areas that need attention. This budget represents a responsible commitment to providing essential city services to all of our citizens.

The financial challenges presented by limited increases in revenue for most cities across the State of Indiana are compounded by increasing costs at nearly every level of local government. The budget priorities for 2017 include a continued focus on improving public safety and maintaining and improving our roads and streets. Proposed funding for both of these initiatives has been increased for 2017. We will also continue to encourage economic growth and maintain a commitment to providing high quality essential city services. We have also taken steps to begin to address some of the long-term liabilities facing the City of Lawrence. Our expectation for the excellent delivery of services despite increased challenges is dependent on maintaining a professional workforce. We have also addressed the high quality of work provided by our city employees.

As Lawrence continues to grow, we intend to take our place as one of the leading cities in Central Indiana. We must celebrate and embrace our diversity that helps to create an environment for economic and cultural growth. We will continue to be vigilant managers of the city's finances while working to achieve progressive goals with a strong, highly qualified staff and Councilors who are committed to moving Lawrence forward.

Should you have any questions, please feel free to contact my office at (317) 545-6191 or the City Controller's Office at (317)549-4804.

Sincerely,

August 29, 2016

Honorable Mayor Steve K. Collier  
Members of the Lawrence Common Council  
9001 E. 59<sup>th</sup> St.  
Lawrence, IN 46216

Honorable Mayor Steve Collier and Members of the Lawrence Common Council:

I am pleased to present the Fiscal Year ("FY") 2017 budget proposal for the City of Lawrence Civil City. This budget proposal, the first requested budget from the Administration, is a sound and responsible fiscal plan that will enable the City to serve the interests of residents and visitors. In order to deliver on our responsibilities, this budget provides appropriate resources to provide public safety protection, maintain our roads and streets, begin to address our long-term capital needs, and provide a path for long-term financial stability for the City.

As we work toward moving Lawrence forward, major initiatives included in this request for resources include increased funding for public safety, including funding for body cameras for the Police Department and new equipment for the Fire Department. Requested funding has been increased for the Street Department, including an additional \$1 million to maintain our roads and streets and to provide for needed equipment upgrades for managing our streets during inclement weather. This unprecedented dedication to improving our local infrastructure maintains the momentum the City has created in 2016 with the recent announcement of a \$1 million matching grant from the State's Community Crossings grant program. This award will allow the City of Lawrence to complete \$2 million in road resurfacing and rehabilitation projects throughout the City. Construction on the 14 projects will begin this fall with an expected completion in the spring of 2017.

This budget proposal will also continue to provide for critical upgrades to our Information Technology infrastructure. The City has made great progress in providing a more stable IT environment. Our New World Systems (“NWS”) accounting system has migrated to a new server, and within weeks will migrate to a hosted environment, providing for multiple layers of backups and redundancies. Data critical to our day-to-day operations will be in a very secure environment.

**2017 Budget Proposal Highlights:**

The 2017 budget request is a fiscally responsible budget; highlights of the 2017 budget request include:

- Balanced General Fund, where proposed revenue sources equal proposed expenditures
- Begin steps to achieve a General Fund operating balance minimum target of 10% of budgeted expenses
- Balanced priorities – continued allocation of budgetary spending for public safety, maintaining our vast infrastructure, and quality of life and economic development initiatives
- While the General Fund budget request has a modest increase of a little over \$500,000, proposed spending on Public Safety has increased by over \$1.6 million
- Proposed funding for the Street Department has been increased by over \$1 million to address our streets and equipment needs
- This budget also proposes the creation of an Internal Service Fund to provide more clarity on the actual cost of essential invisible services of the City such as Information Services and Finance and Accounting
- The creation of the Internal Service Fund will also provide a more accurate cost of providing essential services such as Public Safety
- The City faces a major challenge when funding post-employment benefits to our retiring employees. This budget proposal takes steps to begin addressing the City’s long-term liabilities with the request to create a Trust Fund.

**Budget Document:**

The budget document is divided into the following sections:

- Introduction
- Budget Calendar and Guidelines, as distributed to Department Heads
- Budget Summary, depicting trends and financial priorities for 2017
- General Fund – fund statement of revenue and expense; comparative budget and expenditure reports by Department
- Other Operating Funds – fund statements of revenue and expense; comparative budget and expenditure reports by Fund

- Public Safety Tax – fund statement of revenue and expense; comparative budget and expenditure report by Fund
- Debt Service Funds – debt summary by fund; fund statement of revenue and expense; comparative budget and expenditure report by Fund

Each of the sections pertaining to comparative budget and expenditure reports compare actual expenditures from 2014 and 2015; 2016 revised budget (which includes the Council approved budget, plus any additional appropriations during the year and encumbrances carried over from 2015); June 30, 2016 YTD actual expenditures; 2017 budget request; and change from 2016 revised budget. Each of the sections pertaining to fund statements of revenue and expense compare actual cash balances, revenue, and expenditures from 2013 to 2015; revised budget for 2016; and requested budget for 2017.

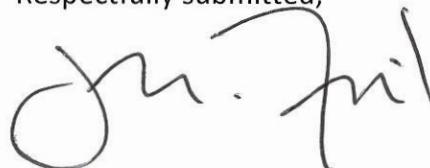

Copies of this budget document are available on our website at [www.cityoflawrence.org/controller/financial](http://www.cityoflawrence.org/controller/financial) and are available by request in the Controller's Office at the address listed on the cover page of this letter.

The Controller's Office constantly strives for continuous improvement, and has implemented several initiatives to streamline operations. One of those initiatives is to maximize the use of our NWS system. This 2016 budget document was produced utilizing our NWS accounting system – a first for the City of Lawrence.

This budget document is a reflection of the hard work, dedication, and teamwork demonstrated by all Department Heads and their employees. While challenges remain to our long-term sustainable funding of certain services, this fiscally responsible budget continues the path toward moving Lawrence forward and maintaining the City's financial health.

We look forward to working with our City Council as you consider this recommended budget.

Respectfully submitted,

Jason C. Fenwick  
City Controller

## Budget Overview

The City budgets by department and funds. The City's budget is comprised of the following departments:

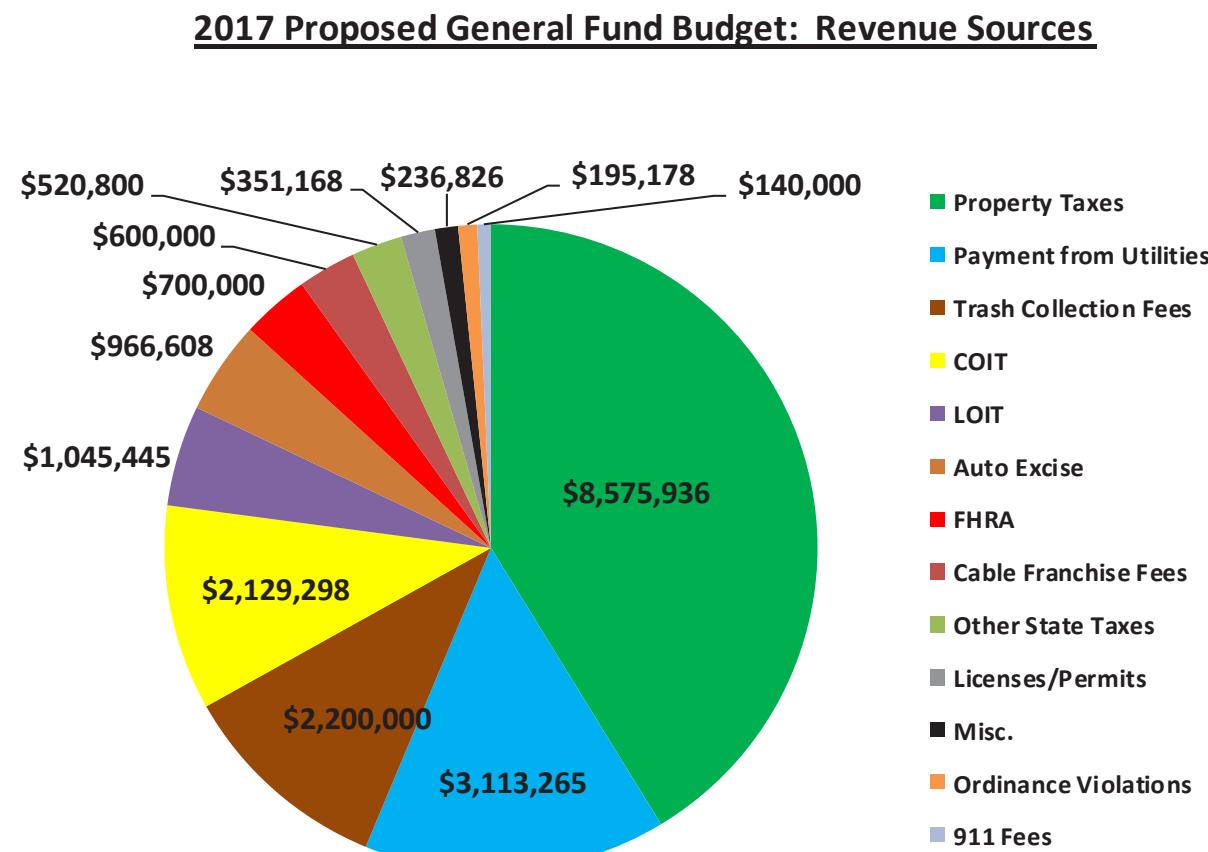

- Mayor's Office
- Department of Public Works
- Corporation Counsel
- Controller's Office
- City Council
- Police Department
- Fire Department
- Parks Department
- Street Department
- Solid Waste Removal (Trash Collection)
- Information Services
- Economic Development
- City Clerk

The 2017 Civil City budget proposal includes 14 funds. Detailed information for departmental and fund requests for 2017 are included herein. Budgets for the City of Lawrence Utilities are determined by the Utility Services Board. The City of Lawrence has three Tax Increment Financing districts ("TIF"), which comprise the main tool for Economic Development purposes. Budgets for TIF funds are determined by the City of Lawrence Redevelopment Commission.

The Indiana State statutory deadline for passing a budget for 2017 is November 1, 2016. A public hearing concerning the 2017 budget must be held on or before October 22, 2016. Publication of notice to taxpayers of 2017 proposed budgets, property tax rates, and property tax levies must occur before October 11, 2016, and also must occur at least 10 days prior to the public hearing for the budget. Upon adoption of a budget by the Common Council and Mayor, the budget must be reported to the Department of Local Government Finance ("DLGF"), which will issue a final budget order to the City either approving or denying the 2017 requested budget.

## General Fund

The General Fund is the primary operating fund of the City. The General Fund represents the largest financial operation of the City, and accounts for all financial resources of the City with the exception of those accounted for by another fund. The main revenue sources of the General Fund are the following: Property Taxes; Payment from City of Lawrence Utilities; Trash Collection Fees; County Option Income Taxes (COIT); Local Option Income Taxes (LOIT); and various state distributed taxes. The chart below illustrates the variety of revenue sources for the General Fund:

Property tax revenue, which is the largest revenue source of the City, is limited due to property tax caps enacted by the State of Indiana several years ago. These caps are estimated to cost the City approximately \$1.7 million in lost revenue for 2016. The State has allowed for a 3.8% increase in assessed valuation for the fiscal year 2017.

3. Establish goal of achieving a minimum General Fund operating balance of 10% of budgeted expenses. The 2017 budget proposal begins setting the path to achieve this goal without interrupting vital services to the citizens of our community.

### City of Lawrence General Fund Operating Balance Comparison 2010-2015 Actual; 2016-2017 Projected

**Note:** 2010 - 2015 actual reported operating balance (including audit adjustments); 2016 projected operating balance includes 2016 requested additional appropriations

4. Address the allocation of costs of shared services throughout the city and providing a true cost of providing City services. The 2017 proposed budget includes the creation of an Internal Services Fund, with departmental budgets for Corporation Counsel, Controller's Office, and Information Services. Costs for these services will be allocated based on each City department's and/or fund's proportionate share of the overall City budget (including City utilities).

The City is challenged when providing employee benefits upon retirement or separation from the City.
